

## FREQUENTLY ASKED QUESTIONS

### **Q. Can I wear my glasses for my photos?**

*A. If you wear glasses, for optimal results it is best to either have the lenses removed for the shoot, or go to the place where you got them from and see if you can get a pair to borrow without the lenses. If you choose to wear them for your pictures, we will do our best to angle the lights to reduce glare, but it is not always effective and can very often not be easily removed from the photos.*

### **Q. Do I have to pay in full at the time of the shoot?**

*A. No, all we ask for is a deposit at the time of the shoot. Depending on the package and your situation, that deposit is negotiable. We like to have a minimum of \$50 down, and then a payment schedule can be worked out at that time. All orders must be paid in full before picking up your final prints.*

### **Q. How many outfit changes can I make?**

*A. That depends on how fast you change. You have up to 2 hours for your photo shoot for the studio and location work combined. Changing outfits can eat into some of that time, so plan your outfits wisely. Additional photo shoot time is available, if you think you may need this, please let us know at the time of booking your appointment, so we can make time.*

### **Q. How many poses can I pick for my order?**

*A. From the proofs, you can pick a different pose for each 4x6, 5x7, 8x10, or larger. For wallets, there is a minimum of 24 wallets per pose. Example: If your package has 144 wallets, you can have up to 6 poses.*

### **Q. Can I bring props?**

*A. Props like sports equipment, instruments, uniforms, etc. are always welcome. We can also take pictures with a favorite pet, friend, or vehicle, but please let us know ahead of time so we can have the necessary accommodations.*

### **Q. What colors of backgrounds are available?**

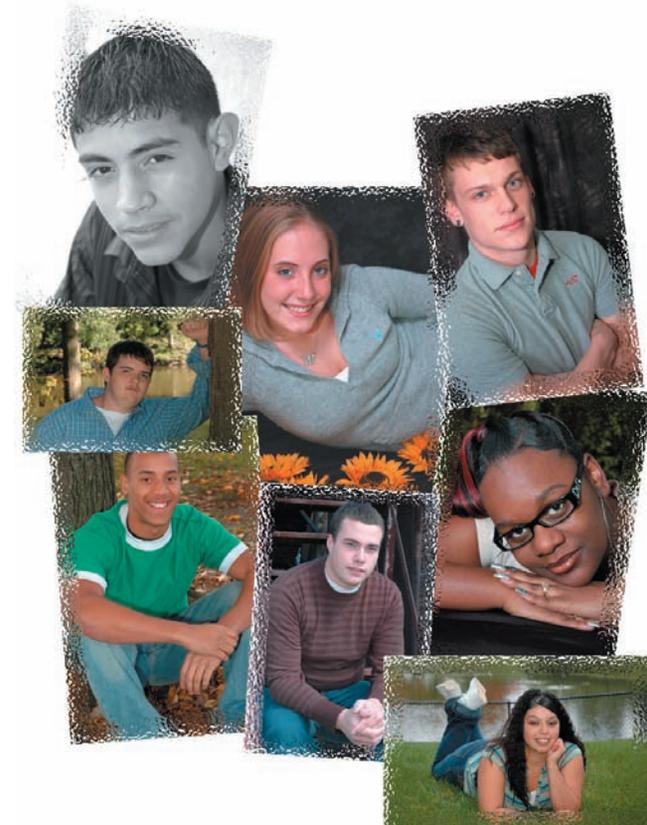

*A. We have over 20 colors to choose from, so pretty much any color you desire. We also have stationary props and textured backgrounds to pick from in studio.*

### **Q. Does it cost anything extra for outside pictures?**

*A. No, included in your photo shoot is the ability to take pictures both in studio and on location. However, check your package for the amount of miles allotted for travel because additional mileage may be required. Also, beaches have additional charges for gas and parking.*

## SETUP YOUR SENIOR PICTURE SHOOT EARLY

In Michigan, you never know when the weather is going to turn sour, so you need to prepare by setting up your appointment early. The earlier you get setup, the more time we have to make sure we have a good day to do your pictures.

## EXTRAS

All of our packages include both indoor and outdoor photography, and multiple changes of clothing. The outdoor photography does however have limits as to how far we will travel, however, if you would like to go further we will for an additional fee.

Travel to Grand Haven is an additional \$35, which covers the gas and parking. Other beaches, ask for a price.

All proofs come to you not retouched. When you pick which proofs you want as your prints, minor retouching is included in the package price. Minor retouching includes the removal of blemishes, stray hairs, etc.

Major retouching available for an additional fee. Major retouching includes removal of braces, background replacement, etc.

## OTHER FEES

There is a cancellation fee of \$15 that applies if you cancel your appointment with less than 48 hours notice before your scheduled time

There is a \$15 per additional person fee to split packages up between multiple people
